SATURDAYS

10:00 - 10:30 P.M.

WELCOME MR. PRESIDENT!

DAN WASELCHUK

International President, Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America, Inc.

Dan Waselchuk, 37, of 1414 Biemeret Street, Green Bay is President of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America, Inc. As President he is responsible for the administrative supervision of the organization's 30,000 members scattered throughout the U.S. and Canada in 675 chapters.

Past administrative experience has qualified him well for his new position. Waselchuk joined the Barbershopping movement in 1950 and found himself appointed Chapter Secretary after only one month of membership. Following 18 months of service in this capacity he was elected President of the Green Bay, Wisconsin Chapter, a position he held for three consecutive terms. During this time the chapter tripled its membership.

Such talent was soon recognized by the Land O' Lakes District organization, and Waselchuk moved up through the ranks as Assistant District Treasurer, and in 1958, District President. Two years later he was elected to the International Board of Directors, in 1962 to the Executive Committee where he served as Vice President and First Vice President before attaining the Society's highest office in 1964.

The Bay Nineties and the Packerlanders quartets have both enjoyed the services of Waselchuk's bass voice.

In daily life he is Assistant Superintendent, Maintenance & Construction, for the Fort Howard Paper Company of Green Bay. He is married, and his wife Patricia has blessed him with eight children.

So, welcome, Dan Waselchuk, we're extremely proud to have you! May your hours with us be filled with good song and good fellowship.

Bill Strong,
President

Paul Eberwein,
Convention Chairman

"WHAT IS 'BARBERSHOP' HARMONY?"

Barbershop harmony is a form of American music which gets its name from just-where-you'd expect. In earlier days the small town or neighborhood barbershop was clubby. Friends gathered there to swap news, tell stories, and often to sing. A typically New World type of harmony singing developed around these informal singing groups.

This type of harmony is produced by four voices, unaccompanied. Rules of time, expression, and word theme are frequently sacrificed to obtain more blending harmony satisfaction. There is usually at least one harmonizing chord on each melody note, through sometimes there are as many as five such. They are called "swipes."

The Melody is usually sung by the Lead. The Tenor part, comparable to a high alto, is usually above the Lead. Baritone and Bass round out the four parts. Sometimes melody notes may be traded 'round, but usually the Lead carries them. Sometimes he sings a few solo notes, then all join on the succeeding chords.
